## FROM THE PRINCIPAL'S DESK

Dear Students,

Welcome to the Government College of Commerce and Business Administration, Chandigarh. As you embark upon this significant phase of higher education, you step into a vibrant academic ecosystem that nurtures learning, innovation, and holistic development.

Established in 2006, our institution has consistently earned recognition for academic excellence, dynamic student engagement, and progressive outlook. We remain committed to the principles of autonomy, intellectual curiosity, and an environment where creativity and critical thinking flourish alongside active participation in co-curricular and extracurricular pursuits.

At GCCBA, we take pride in harmonising tradition with modernity. Our pedagogy integrates time-tested academic practices with emerging technologies and innovative teaching methods, ensuring that our mentors remain approachable guides, supporting students at every stage of their academic journey.

The transformative vision of the National Education Policy (NEP) 2020, now firmly embedded in higher education, continues to shape our academic framework. With a strong focus on multidisciplinary learning, skill enhancement, experiential education, and value-added courses, the policy equips students to become adaptable, competent, and future-ready professionals in a rapidly evolving global landscape.

Learning at our institution extends beyond classrooms. Through assignments, projects, presentations, internships, and continuous evaluation, students develop analytical abilities, confidence, and resilience. Our vibrant clubs, cells, and societies further provide platforms for leadership, creativity, and social responsibility, fostering well-rounded personalities.

India today stands at the forefront of global transformation, guided by the ideals of Vasudhaiva Kutumbakam—the world as one family. National initiatives such as Make in India, Startup India, Digital India, and the vision of Viksit Bharat 2047 inspire innovation, entrepreneurship, and inclusive growth. As young learners and future leaders, you hold the potential to contribute meaningfully to this journey of national progress.

As Albert Einstein rightly said, “Education is not the learning of facts, but the training of the mind to think.” At GCCBA, we strive to instil this very spirit of inquiry, creativity, and lifelong learning.

We deeply value the continuous support of our alumni and parents, whose engagement strengthens our academic and placement ecosystem. In this enriching and supportive environment, we are confident that you will discover your potential, pursue your aspirations, and achieve excellence.

Wishing you a fulfilling and successful collegiate journey.

Prof. (Dr.) Nisha Aggarwal

# VISION

**To be an institute of academic excellence, fully committed to providing quality education in commerce, management, and related fields, with a holistic concern for a better life, environment, and society.**
